

Forefield Junior School

Parent/Carer Acceptable Use Policy

November 2017
Review 2018

MISSION STATEMENT

*Forefield Junior School is a P.R.O.U.D. school built on **Passion and Respect**, where **Opportunities** can be seized by **Unique and Determined** learners.*

We are passionate about learning in an environment where everyone is empowered to be themselves and to flourish. We respect and value each and every individual and cherish their unique qualities to create a sense of belonging. We are determined to support personal, social and emotional development by encouraging self-belief and providing opportunities for everyone to express themselves and grow in confidence.

By celebrating their diverse contribution to the life of the school and the wider community, each person will be encouraged to build on their foundations, to instil a belief in everyone that they have limitless potential and are always capable of achieving their best - throughout their lives. As a family we share each other's successes and take pride in them.

We will consistently promote the highest of standards in every aspect of school life, provide a vibrant, stimulating curriculum in a safe and happy learning environment, to foster excellent attitudes and behaviour. The inspirational opportunities we provide will fuel a passion for learning and a sense of pride in all we do.

This is what makes us PROUD:

Passion, Respect, Opportunity, Unique, Determined.

Parent / Carer Acceptable Use Agreement

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies provide powerful tools, which open up new opportunities for everyone. They can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

This Acceptable Use Policy is intended to ensure:

- that young people will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- that school systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- that parents and carers are aware of the importance of online safety and are involved in the education and guidance of young people with regard to their on-line behaviour.

The school will try to ensure that pupils will have good access to digital technologies to enhance their learning and will, in return, expect the pupils to agree to be responsible users. A copy of the Pupil Acceptable Use Policy is attached to this permission form, so that parents/carers will be aware of the school expectations of the young people in their care.

Parents are requested to sign the Home / School Diary on page 6 to show their support of the school in this important aspect of the school's work.

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

This Acceptable Use Agreement is intended to ensure:

1. that young people will be responsible users and stay safe while using the internet and other digital technologies for educational, personal and recreational use.
2. that school systems and users are protected from accidental or deliberate misuse and will have good access to digital technologies to enhance their learning and will, in return, expect the pupils to agree to be responsible users.

Acceptable Use Policy Agreement

I understand that I must use school systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the systems and other users.

For my own personal safety:

1. I understand that the school will monitor my use of the systems, devices and digital communications.
2. I will keep my username and password safe and secure – I will not share it, nor will I try to use any other person's username and password. I understand that I should not write down or store a password where it is possible that someone may steal it.
3. I will be aware of "stranger danger", when I am communicating on-line.
4. I will not disclose or share personal information about myself or others when on-line (this could include names, addresses, email addresses, telephone numbers, age, gender, educational details, financial details etc)

5. If I arrange to meet people off-line that I have communicated with on-line, I will do so in a public place and take an adult with me.
6. I will immediately report any unpleasant or inappropriate material or messages or anything that makes me feel uncomfortable when I see it on-line.

I understand that everyone has equal rights to use technology as a resource and:

1. I understand that the school systems and devices are primarily intended for educational use and that I will not use them for personal or recreational use unless I have permission.
2. I will not try (unless I have permission) to make large downloads or uploads that might take up internet capacity and prevent other users from being able to carry out their work.

I will act as I expect others to act toward me:

1. I will respect others' work and property and will not access, copy, remove or otherwise alter any other user's files, without the owner's knowledge and permission.
2. I will be polite and responsible when I communicate with others, I will not use strong, aggressive or inappropriate language and I appreciate that others may have different opinions.
3. I will not take or distribute images of anyone without their permission.

I recognise that the school has a responsibility to maintain the security and integrity of the technology it offers me and to ensure the smooth running of the school:

1. I will only use my own personal devices (mobile phones / USB devices etc) in school if I have permission. I understand that devices such as mobile phones must be switched off and kept in a safe place during school hours.
2. I understand the risks and will not try to upload, download or access any materials which are illegal or inappropriate or may cause harm or distress to others, nor will I try to use any programmes or software that might allow me to bypass the filtering / security systems in place to prevent access to such materials.
3. I will immediately report any damage or faults involving equipment or software, however this may have happened.
4. I will not open any hyperlinks in emails or any attachments to emails, unless I know and trust the person / organisation who sent the email, or if I have any concerns about the validity of the email (due to the risk of the attachment containing viruses or other harmful programmes)
5. I will not install or attempt to install or store programmes of any type on any school device, nor will I try to alter computer settings.

When using the internet for research or recreation, I recognise that:

1. I should ensure that I have permission to use the original work of others in my own work
2. Where work is protected by copyright, I will not try to download copies (including music and videos)
3. When I am using the internet to find information, I should take care to check that the information that I access is accurate, as I understand that the work of others may not be truthful and may be a deliberate attempt to mislead me.

I understand that I am responsible for my actions, both in and out of school:

1. I understand that the school also has the right to take action against me if I am involved in incidents of inappropriate behaviour, that are covered in this agreement, when I am out of school and where they

involve my membership of the school community (examples would be cyber-bullying, use of images or personal information).

2. I understand that if I fail to comply with this Acceptable Use Policy Agreement, I will be subject to disciplinary action. This may include loss of access to the school network / internet, detentions, suspensions, contact with parents and in the event of illegal activities involvement of the police.

You should now sign your Home/School Diary on page 6.
